

## IMPROVE BIKING AND WALKING IN YOUR COMMUNITY

The City of Clovis is creating an **Active Transportation Plan**. The plan will create a vision for ongoing development of bicycle and pedestrian networks that create a safe, comfortable, and connected community for walking and bicycling.

You are invited to provide input for this plan. What would get your family and neighbors out walking or biking in our city? We want to hear what you think are the community's priorities for walking and biking. You can provide your input in two ways:

### ATTEND THE PUBLIC WORKSHOP
