The City is currently embarking on an update to its 1983 Central Clovis Specific Plan. This important program seeks to build upon our existing Central Clovis Specific Plan and to refine and update the community vision to guide the future growth and development of Old Town for the next 20 years. The 2016 Central Clovis Specific Plan Update will identify land use, housing, transportation, and economic development strategies to continue the City's success in revitalizing its central business district.

You are invited to attend a community workshop to get an overview of the City's Central Clovis Specific Plan Update, the process to date, and most importantly, provide your input and ideas on priorities for implementing the plan.

You will have the opportunity to meet with City Planning, Engineering and Economic Development staff. We hope to see you on Thursday, November 12, 2015. Thank you!

If you have any questions, please call Associate Planner George Gonzalez, MPA, at 324-2383, or email at georgeg@cityofclovis.com.
