City of Clovis Announces a Public Workshop Enterprise Canal Class I Trail/Pedestrian Bridge Master Plan

Date: Wednesday, January 24, 2018

Time: 5:30 p.m. – 7:30 p.m.

Location: Miss Winkles Pet Adoption Center
85 N Temperance Ave, Clovis, CA 93611

The City of Clovis in partnership with Caltrans District 6 has developed a Master Transportation Plan of the proposed Class I trail/pedestrian bridge project to be located along the Enterprise Canal near State Route 168.

The City is interested in hearing from residents, business owners, special interest groups, and any other parties on the draft plan. The proposed project is intended to focus on the need, feasibility, and future development of a Class I trail/pedestrian bridge along the Enterprise Canal, extending south of Owens Mountain Parkway, and over State Route 168, which will serve to link the commercial, residential, Clovis Community Medical Center Complex, and business campuses in the immediate area. Three alternative alignments are currently proposed for this bicycle/pedestrian bridge structure, and will be the focus of review at the workshop.

Once constructed the bridge will provide bicyclists and pedestrians safe, direct, and continuous access over State Route 168, providing connectivity to Clovis' extensive trail network in the community, serving to encourage citizens to move around the city on foot and bike.

Community members are encouraged to attend this public workshop on January 24, 2018 from 5:30 p.m. to 7:30 p.m. at the Miss Winkles Pet Adoption Center located at 85 N Temperance Ave, Clovis, 93611, to provide input on the process.

If you have any questions regarding the project please contact Renee Mathis, Planning and Development Services Administrative Manager by email at reneem@cityofclovis.com or by phone at (559) 324-2351.
